Committed to Your Success

School Library System Presents Linworth @ The Forefront Webinar Series:

Choosing Web 2.0 Tools for Teaching and Learning in a Digital World

with Pam Berger

Thursday Feb. 25, 2010

4:00pm – 5:00pm

OCMBOCES Rodax 7

The latest generation of Web tools effectively supports teaching and learning, motivating and engaging students to become active learners, creating, producing, contributing and communicating. Join us as we explore the different types of tools such as social networking, media sharing, social bookmarking, content collaboration, etc. Learn which ones are the best and how they are being used to effectively support inquiry learning and the new AASL Standards for the 21st Century learner.

Guided Inquiry: Research into Practice

with Leslie Maniotes

Tuesday March 2, 2010

4:00pm - 5:00pm

OCMBOCES Rodax 7

Dig into the underlying concepts of Guided Inquiry, including an overview of the rationale and research behind the approach. Explore useful “how to’s” as you plan inquiry projects in your school. How to: Use the inquiry process to design powerful inquiry units; Rethink instructional teams to hone in on students’ learning goals; motivate students by connecting their experiences to the curriculum.

The Post Gutenberg Library

with David Warlick

Thursday March 11, 2010

4:00pm – 5:00pm

OCMBOCES Rodax 7

Join 33 year educator and technologist, David Warlick, as he talks about how you can rebuild your library into a place that means more than stacks of books and periodicals, a place where information becomes a raw material.

Cost: No Charge to Attend

Registration: Required. Contact Sue Camille at scamille@ocmboces.org or 433-2655

Continuing Education Certificates Will Be Available
