

SLS Presents: Serious Fun in the Library Media Center

When: Thursday, February 25, 2010 from 8:30am - 3:00 pm

Where: OCM BOCES CNYRIC Conference Rooms 3 & 4
6075 East Molloy Road, Syracuse NY 13211

Facilitated by: Mr. Kim P. Loucks, OCM BOCES and Sue Kowalski, LMS, ESM

Recent research is showing that an element of fun is critical to the success of K-12 instruction in our schools, and, of course, that includes our libraries. Using humor, a teacher can have it all, the development of knowledge, a spirit of inquiry, and a sense of creativity and conceptual understanding. These are the attributes of a successful learning environment and will positively contribute to the cognitive development of children.

"Serious Fun" attendees will

- explore a variety of instructional activities and strategies that guide inquiry learning
- study the research on how to make learning motivating, more productive and enjoyable
- engage in the action planning process to put new learnings immediately to use.

The best libraries are where adults and students strengthen connections to the real world through inquiry, hard work, and FUN.

Sponsored by OCM BOCES School Library System

Open to all SLS and PALS Members

Librarians, Teachers, and Administrators are encouraged to attend

Audience: K - 12

Please register by Friday, February 12, 2010. Attendance will be limited to 30 participants.
